Wood Essence Blinds

LiteRise Size Limitations: 2.9sqm Width 1610mm, 1800mm drop

Say goodbye to messy cords and hello to simplistic child safe blind control!

We understand the importance of safety in the home, especially for those with young children and pets. That's why all Luxaflex Window Fashions are designed with safety in mind.

With the introduction of LiteRise operation to the Luxaflex Timber Venetians Collection, cord free control means you now can also be worry free.

Enjoy the smooth, easy and lift assisted operation of LiteRise by simply raising and lowering your blinds using the bottom rail. This is controlled by advanced motor gears that have been designed for effortless and precise operation specifically for Venetian Blinds, all with very minimal effort.

Slats are opened and closed by using a wand that is attached to a durable wand tilter allowing for smooth rotation and closure of the slats.

The high quality tension and spring system built and hidden in the head rail allows the LiteRise operation to accommodate for both Country Woods® and Wood Essence Blind Collections.
